Founded in 1948, the mission of the Warren-Washington Association for Mental Health, Inc. (WWAMH) is to improve the quality of life for those affected by mental illness and to promote the awareness and importance of mental wellbeing in the community. WWAMH operates supportive residences, a mental health clinic, a psychosocial club, care management services, a dual recovery program, and a benefits management service.

Caleo Clinical Services

Provides individual and family therapy by a licensed clinician on site at designated school buildings within the school district. The following services can be provided:

- Medication management if necessary.
- Group therapy services based on need.
- Youth health home care management to help children and families with assessing needs and accessing resources to support healthy living and learning.
- Support, education, and training to school staff and administrators on an as needed basis.

Trainings Offered by WWAMH

Mental Health and Wellness: These trainings can be tailored to meet a client's scheduling needs and audience. The goal is to increase basic knowledge of mental health. Also offered is a training on childhood trauma and the stress response.

Youth and Adult Mental Health First Aid: These programs are geared toward helping participants gain critical skills to assist youth and adults suffering from a mental health crisis.

Suicide Prevention Trainings: These are programs for teachers, staff, youth, and communities to provide education on depression and suicide prevention.
